DETAILED ACTION

1. Applicant's arguments filed 01/24/05 have been fully considered but they are not persuasive.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claims 1-13 are rejected under 35 U.S.C. 102(e) as being anticipated by Braunlich et al.

The Applicant is referred to the first Office action.

The Applicant has argued that Braunlich et al. does not disclose that a bonus power location indicator 110 is indicated on the weapon card 200 (which corresponds to the presently claimed "effect indication card"). The Examiner takes the position that Braunlich et al. does have an indication of additional attack power. Braunlich's effect indication cards include power bonus dots 201, column 6, lines 61-62. Braunlich also recites a player may "use an effect indication card and add the power bonus represented by the power bonus dots. The power bonus dots add a known power to any weapon card, in addition to the variable power added as controlled by the chance cube", column 15, lines 44-52.

The Applicant's arguments recited in the first two paragraphs on page 9 of the Applicant's Amendment A, are directed to game rules (e.g. how the attack power on the battle cards are used, how the cost payment cards are used, how the additional attack power on the effect indication cards are used, etc.). The Applicant's claims are

apparatus claims where only the claimed elements having physical structure are given patentable weight. Therefore, the arguments relating to game rules are not being considered.

1. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Benjamin H. Layno whose telephone number is (571) 272-4424. The examiner can normally be reached on Monday-Friday, 1st Friday Off.
